

# Two Day Traumatic Incident Reduction for Children Workshop

By ZOOM

2026:

24-25 MARCH

28-29 OCTOBER

## 12 Contact Hours

### Learn How to Apply TIR to Children

An excellent workshop for those Practitioners that work with children, as well as for Practitioners who would like to work with children.

This 2 - day workshop will teach TIR Facilitators how to apply this evidence-based method to children. This technique incorporates the use of play with TIR. This is a structural, yet person-centered approach to resolving the emotional charge contained in a child's trauma and eliminating the negative after-effects in a brief amount of time. This workshop also teaches unblocking especially designed for children, in a language that they can understand.

**Time:** 09h00 am – 17h00 pm daily

**Presenter:** Louis Hough Senior TIR, LSR, AE, TIR FOR CHILDREN and CSW Trainer

**Location:** by ZOOM

**Prerequisite:** Traumatic Incident Reduction Workshop (TIRW)

**Cost:** R4,300. Discount of R300 if paid more than 14 days before the workshop. R1,000 deposit to book your place.

**To register** Louis Hough [houghlouis@gmail.com](mailto:houghlouis@gmail.com) phone: 082-7725559

**Objectives:**

As demonstrated through supervised activities and examination, the student will be able to:

- Explain the theory and practice of TIR for children
- Compare the variations of TIR for children 6-12 and children under 6
- Explain the theory and practice of Unblocking for Children
- Discuss the reasoning behind modifying TIR to address children
- Utilize communication exercises to increase rapport with clients
- Describe the importance of using play with children

**Prerequisite:** Traumatic Incident Reduction Workshop (TIRW)

A certificate of attendance will be emailed directly to the graduate from AMI upon receipt of workshop information from the trainer.

CPD's: SACSSP 6; CPSC 8; VBO 20;

The continuing education credits for this TIR-related program may also be submitted to the Association of Traumatic Stress Specialists towards certification and re-certificating as a Trauma Specialist, a Trauma Responder, and a Trauma Service Specialist.
